Wild Animals: Describing the frequency of actions, Making simple inquiries, Making simple suggestions, Talking about past events (Giving explanations/reasons) and Wildlife Protection

Describes the frequency of actions and natural habits of wild animals using adverbs of frequency (E7.4.S1). · Makes simple inquiries and answers questions about wild animals' habitats, diet, size, weight and lifespan (E7.4.L1 / E7.4.R1). · Makes simple suggestions using 'should / shouldn't' and talks about past events giving explanations and reasons about extinct and endangered species (E7.4.S2 / E7.4.W1).

HATIRLAYALIM

- Sıklık zarfları (always, usually, often, sometimes, rarely, never) ve 'How often?' alışkanlıkları anlatır.
- Hayvan sorgularında Where (habitat), What (diet), How much (weight) ve How long (lifespan) kullanılır.
- Doğayı koruma önerilerinde 'should / shouldn't + V1', geçmişte soyu tükenenlerde Past Tense kullanılır.

1 EŞLEŞTİRME

Yabani hayat (Wild Animals) kavramlarını Türkçe karşılıklarıyla eşleştiriniz.

WILDLIFE VOCABULARY CARDS

Endangered	Extinct	Habitat	Deforestation
Nesli tehlikede	Soyu tükenmiş	Doğal yaşam alanı	Ormansızlaşma
Giant panda, tiger	Dodo, mammoth	Jungle, ocean, desert	Cutting down trees

c 1. Endangered species

b 2. Become extinct / Die out

a 3. Natural habitat

a) Hayvanların beslenip barındığı doğal yaşam alanı
b) Soyu tamamen tükenmek, yeryüzünden yok olmak
c) Nesli tükenme tehlikesi altında olan türler

2 TABLOYU TAMAMLA

Görseldeki soru kalıplarını ve hayvan sınıflarını inceleyerek tabloyu tamamlayınız.

MAKING SIMPLE INQUIRIES (WH- QUESTIONS)

Where & What?	How much / tall?	How long?
Where do they live?	How much do they weigh?	How long do they live?
What do they eat?	Weight (kg) & Height (m)	Lifespan (years)

İngilizce Soru / Grup	Ölçtüğü Bilgi / Özellik	Örnek Cevap
Where do eagles live?	Habitat (Yaşam alanı)	High mountains and forests
How long do elephants live?	Lifespan (Ortalama ömür)	About 60 to 70 years
Carnivores (Lions, Tigers)	Diet (Beslenme şekli)	They only eat meat (other animals)

3 ÇOKTAN SEÇMELİ

«Many wild animals are in danger ___ global warming and habitat loss.» cümlesinde boşluğa hangisi gelmelidir?

A because of B how often C shouldn't D where

4 ÇOKTAN SEÇMELİ

Görseldeki Giant Panda bilgi kartına göre «How much does an adult giant panda weigh?» sorusunun cevabı hangisidir?

ANIMAL FACT FILE: GIANT PANDA

Class & Habitat & Diet	Size, Weight & Lifespan
Class: Mammal · Habitat: China	Weight: 100 – 150 kg · Height: 1.5 m
Diet: Herbivore (99% Bamboo leaves)	Lifespan: About 20 years in the wild

A It weighs about 100 to 150 kg.
B It lives in bamboo forests in China.
C It usually lives for 20 years in the wild.
D It feeds on bamboo leaves every day.

5 DOĞRU MU, YANLIŞ MI?

Wild Animals ünitesi dil bilgisi ve kelime ifadelerini Doğru/Yanlış olarak belirleyiniz.

	D	Y
'Lions never eat grass because they are carnivores' cümlesinde 'never' %0 sıklık bildirir.	☑	☐
Soyu tükenmiş Dodo kuşunu anlatırken 'Dodo birds became extinct' (Simple Past) kullanılır.	☑	☐
Doğayı korumak için 'We should destroy bamboo forests and hunt animals' önerisi yapılır.	☐	☑
'Reptiles' grubuna sürüngenler (snakes, crocodiles, lizards) dâhildir.	☑	☐

6 BOŞLUK DOLDURMA

Cümlelerdeki boşlukları uygun İngilizce kelimelerle tamamlayınız.

extinct · shouldn't · for · should

1. We ___should___ protect wild animals and plant more trees to save nature.
2. Mammoths and dinosaurs became ___extinct___ thousands of years ago.
3. People hunted dodo birds ___for___ their meat and feathers.

7 ÇOKTAN SEÇMELİ

Görseldeki sıklık zarfları tablosuna göre «Tigers usually hunt alone at night» cümlesi hangi soruya cevaptır?

ADVERBS OF FREQUENCY IN WILDLIFE

Always (100%)	Usually (80%)	Sometimes (40%)	Never (0%)
Lions always eat meat	Tigers usually hunt	Bears sometimes eat	Snakes never have
Carnivore habit	alone at night	fish and honey	legs or wings

- **A** How often ve when do tigers hunt alone?
- **B** How tall is an adult Siberian tiger?
- **C** Where did Tasmanian tigers die out?
- **D** How much meat does a lion eat?

8 ÇOKTAN SEÇMELİ

Görseldeki 'Protect Wildlife' afişine göre aşağıdakilerden hangisi **yapılmaması gereken (shouldn't)** bir davranıştır?

PROTECT WILDLIFE: SHOULD vs. SHOULDN'T

What We SHOULD Do (+)	What We SHOULDN'T Do (-)
We should protect natural habitats.	We shouldn't hunt animals for fur/tusk.
We should plant trees & keep seas clean.	We shouldn't cut down forests or pollute.

- **A** We shouldn't wear fur, pollute seas or cut down trees.
- **B** We should protect national parks and natural habitats.
- **C** We should keep the seas clean for dolphins and whales.
- **D** We should plant trees to prevent deforestation.

9 SIRALAMA

Nesli tehlikedeki bir hayvan türünü kurtarmak için izlenecek adımları mantıksal sıraya koyunuz.

STEPS TO SAVE ENDANGERED SPECIES

1. Identify	2. Stop Hunting	3. Save Habitat	4. Recover
Find endangered	Ban illegal hunting	Protect forests	Increase number
animal species	and fur trade	and oceans	in wildlife parks

2 Stopping illegal hunting (overhunting) and fur trade
3 Protecting and restoring their natural forest habitats
1 Identifying endangered species and their population size
4 Increasing the animal population safely in wildlife parks

10 KISA CEVAP

Görseldeki Dodo Bird kartına göre Dodo kuşlarının soyu ne zaman ve hangi sebeple tükenmiştir?

EXTINCT ANIMAL PROFILE: THE DODO BIRD

Habitat & Feature	When Extinct?	Why Extinct?
Mauritius Island	Died out in 1681	Overhunted by sailors
A flightless bird	17th century (Past)	Habitat destruction

They became extinct in the 17th century (1681) because sailors overhunted them and destroyed their.

11 ŞİFRELİ KELİME

İpuçlarından yararlanarak kelimeleri bulunuz ve yabani hayvanların yaşadığı orman şifresini çözünüz.

- Eagles and hawks have sharp wings and white ..... (tüy) — F E A T H E R
- Aşı ve aşırı avlanma: Illegal hunting is called .....hunting — O V E R H U N T I N G
- Snakes, crocodiles and lizards belong to this animal group — R E P T I L E
- Dinosaurs and dodo birds are not alive today; they are ..... — E X T I N C T
- We ..... protect wild animals and their natural habitats — S H O U L D
- A large striped wild cat that lives in Asian jungles — T I G E R

Turuncu kutulardaki harfler yukarıdan aşağıya:

FOREST

12 AÇIK UÇLU · DÜŞÜN

Görseldeki öneri kartlarından yararlanarak yaban hayatını korumak için 'should' ve 'shouldn't' ile iki cümle yazınız.

WRITING GUIDE: WILDLIFE PROTECTION CAMPAIGN

Positive Suggestions (Should)	Negative Warnings (Shouldn't)
We should protect national parks.	We shouldn't destroy bamboo forests.
We should charities like WWF.	We shouldn't buy fur coats or ivory.

We should protect natural habitats and plant trees. We shouldn't hunt wild animals for their fur or tusk.
